### A PURITAN FESTIVAL.

How Thanksgiving Was Celebrated in Old New England.

Mrs. Ruth Merrill Clark Hardy of the National Society of New England Women gives in the new book a tribute the following account of a real old fashioned Thanksgiving dinner in vogue in New England when she was young.

"For weeks the boys' and girls' preparations were going on for this great and only Puritan festival, when the children and grandchildren, from far and near, gathered under the old family roof-tree.

"Dinner was not served, as now, in courses, but all sorts of good things were placed at once on the table. If the dining table could not be lengthened sufficiently to accommodate the increased family group, then smaller ones were placed around the room. The snowy linen was that which had been spun and woven in the house.

"Puritan simplicity did not see the need of table adornments outside of the fine white linen, the pearls and rosy cheeked apples and the abundance of food. In the center of the table was a roast pig, at one end a big turkey, the choicest of the flock, and at the other a luscious goose. There were cold roast sparrows and always a chicken pie. The rich crust of this pie was decorated on top with the words 'Give Thanks' in paste letters. For vegetables there were potatoes, onions, turnips and squash; for appetizers, homemade pickles, dried apple sauce, pepper and onion marmalade. There were plates of delicious white and brown bread and the sweetest of butter. Then followed plum pudding such as only a New England woman can make, mince, pumpkin and apple pie, cranberry tarts and baked sweet apples, hickory, butter and hazel nuts.

"Tea and coffee were served throughout the meal, with the richest of sweet cream, and great pitchers of sweet elder were in evidence, not only at the dinner, but at all times during the day, as was popcorn, which was always enjoyed by the young folks."

### AN ARMY THANKSGIVING.

The Famous Plum Pudding of the British Army.

"In November, 1862," said the veteran who was a drummer boy in the famous Hawkins' zouaves, "we were in camp at Falmouth, directly opposite Fredericksburg, where many of our command felt a little lamer. We could get nothing but the ordinary rations, but we had prepared for that by starting a company fund several months before for the purpose of supplying a Thanksgiving dinner. There must have been something like \$40 in the fund, and our cook kept the deposit of this fund a profound secret.

"It seems ridiculous now, but I don't

## DRINK

Bars Men from Employment

Every line of business is beginning to shut its doors absolutely to drinking men. Business competition has become so keen that only men of steadfast habits can find employment.

Employers do not want men that are addicted to drink. A drinking man is not in full condition to handle responsible work. Continued drinking diseases the nerve system. No "will power" can cure; treatment is necessary.

## TEST COMES TODAY

Will Russia Dare to Use Mailed Fist on Its Defenders.

### A CRITICAL SITUATION

Reb-Itious Sailors at Sebastopol Apparently Confident That Comrades Will Not Fire on Them.

Today's the Last Day of Grace For Mutineers Will Test Loyalty of Army.

St. Petersburg, Nov. 29.—The soldiers attached to the military school of electricity have been arrested by four battalions of the Pavlovsky regiment and taken to the fortress of St. Peter and St. Paul.

St. Petersburg, Nov. 29.—The last day of grace accorded the mutineers at Sebastopol expired at midnight with no signs of surrender on the part of the men. The hills towering above the harbor of the Russian stronghold in the Black sea may resound this morning as they did in the days of the Crimean war, with the roar of musketry and cannon should the government attempt to carry out its announced intention of crushing the revolt with the mailed fist.

The rebellious sailors are playing a waiting game and apparently have full confidence that the guns of the fleet will not be turned against them. If they have not actually disregarded the summons to haul down the red flag, they seem determined to make the authorities show their hand.

Whether General Nephlov, the commandant of the fortress, who was released by the mutineers today and who relieved General Baron Meller Gakomolski, will dare to accept the challenge of the mutineers and stake the discipline and loyalty not only of the troops at his disposal, but of the whole army on the cast, is, however, doubtful. Dispatches from a score of garrisons in Russia show that the land forces of the empire are in a state of discontent, and any order to the troops to fire upon their comrades in the sister branch of the service might possibly precipitate a general and widespread mutiny. On the other hand it would be difficult to starve out the sailors by a regular siege, as provisions and water can be obtained by them and as they are under the guns of not unfriendly warships.

The report that the whole fleet had gone over to the mutineers under the command of Lieutenant Schmidt, the revolutionary commander of the cruiser Otchakoff, is incorrect, though the officers of the other ships, as during Vice Admiral Kruger's abortive demonstration against the mutineers on the Kiaz Potemkine (now the Pan-telmon) at Odessa probably will be unable to obtain obedience of the men for the carrying out of any measures against their comrades.

The staff quarters at Sebastopol are guarded by Cossacks and the officers in the streets are accompanied by escorts of Cossacks, the only branch of the service the fidelity of which is absolutely unquestioned. Even the members of the guard regiments, who are pets of the imperial family and superlatively paid and treated as compared with the members of other regiments, are joining in the revolutionary movement. Two hundred and fifty men of the guard regiments who were said to have been leaders in spreading the revolutionary propaganda, were arrested at their barracks Sunday night. It is reported that the sailors of the guard equipages from which the crews of the imperial yachts are drawn will be removed to St. Petersburg on account of disaffection among them.

### An Echo of the Mutiny.

St. Petersburg, Nov. 29.—An echo of the mutiny at Sebastopol has been the discharge of 500 sailors belonging to the drafts of 1898-1900 of the fourteenth and eighteenth equipages at St. Petersburg which several times recently have almost been in an open state of rebellion. The regular term of service is seven years. The grumbling among the overtime men of the St. Petersburg troops is increasing. Two hundred men of the Novochebarkas regiment have openly drawn up and presented a protest.

### Father Gapon's Whereabouts.

St. Petersburg, Nov. 29.—Professor Hodsdy, editor of the Nasha Shina, called upon the premier to demand permission for Father Gapon to return to Russia. "What is the use of deception among friends?" said Count Witte to the professor. "You and I know, even if the police do not, that Father Gapon has been living in your house since August 12."

### Given Notice to Be Good.

Sofia, Bulgaria, Nov. 29.—An identic note addressed by the Austro-Hungarian and Russian governments to Serbia, Bulgaria and Greece has been presented here. It explains the motives of the powers in coercing the ports and warns Serbia, Bulgaria and Greece against stirring up trouble in Macedonia. The note was supported by verbal communications from the representatives of the other interested powers.

### DAMAGE TO SHIPPING

Record Breaking Storm Breaks Over Lake Superior.

Duluth, Minn., Nov. 29.—In one of the most terrific gales in the history of Wisconsin on the Great Lakes, even surpassing in fury the terrible storm of last September in which so many men lost their lives in the vicinity of the Apostle Islands, three big lake steamers were driven ashore within sight of the lighthouse at the Duluth entrance to the local harbor, and several members of the crew of one of the boats, the Mataafa, perished.

The wrecks are the Crescent City and the Mataafa of the Pittsburgh Steamship company, and the R. W. England, owned by the England Transportation company of Cleveland. As soon as interrupted telegraphic communication with other lake ports is resumed it is expected that further reports of wrecks will be received, for the storm is thought to have been a record-breaking one. For thirteen consecutive hours the velocity of the wind averaged sixty miles an hour, and at times blew at the rate of seventy miles an hour. The Mataafa is being slowly pounded to pieces. The crew of the Crescent City escaped, but the boat is a total wreck.

The scow George Herbert was sunk off Two Islands on the north shore, and it is reported five men were drowned. The Steel Corporation's steamer Mariposa is said to be ashore at Split Rock. The damage by the storm is estimated at a million dollars, and as many as nineteen lake craft are reported lost.

### MRS. CHADWICK'S CHANCE

Woman's Request to Reopen Hearing Has Been Granted.

Cleveland, O., Nov. 29.—Harold Remington, referee of the federal bankruptcy court, after a conference with the attorneys interested in the Chadwick bankruptcy proceedings said that the hearing would be resumed this afternoon at 2 o'clock. This action followed the request of Mrs. Chadwick that she be again permitted to go on the witness stand in the interests of her creditors. She has promised to make public many details of her financial operations, which she refused to divulge when she appeared in the bankruptcy court several months ago.

Mrs. Chadwick in deciding upon this course, said she had been influenced in doing so largely because of the fact that notwithstanding all her real and personal property had been sold, her creditors had received practically nothing, the money being almost entirely consumed in fees, etc.

### Will Reopen the Case.

Omaha, Neb., Nov. 29.—With the arrest of Amid Todd in Denver the cases of Bartlett Richards and his partner, Comstock, who were charged with illegal fencing of government land, are practically reopened. The charge against Todd is that he conspired to defraud the government by securing the filings of soldiers and their widows on about 80,000 acres of government land in western Nebraska, and, after having it proved up by "dummies," turned the title over to Richards and Comstock.

### Close of Remarkable Mission.

Liverpool, Nov. 29.—Ten thousand persons gathered in Tournament hall here last night to bid farewell to Reuben A. Torrey and Charles M. Alexander, the American evangelists, at the close of their successful revival movement in the United Kingdom. This movement has covered a period of three years, during which nearly 100,000 converts were made.

## HERE'S A NEW ONE

A Hint Is Given Policy Holders to Carefully Scan Their Papers.

### IS YOURS LIKE THIS?

Insurance Investigation Reveals a Policy That Has a Sandbag Beaten a City Block.

A Liberal Education in Ways of Grasping Financiers Being Given by Mr. Hughes.

New York, Nov. 29.—Just before the insurance investigating committee adjourned last evening Charles E. Hughes, counsel for the committee, produced a policy written by the Mutual Reserve Life Insurance company upon the life of an unknown man, which policy stipulated upon the first page that the insured should pay a fixed and stated premium "subject to other benefits and requirements elsewhere stated." On page 2 of the policy Mr. Hughes read a clause that the executive committee of the company could require the holder of the policy to pay any multiple of the amount of the premium stated on the first page which the committee saw fit. George D. Eldredge, vice president and actuary of the company, to whom Mr. Hughes read the policy, said that the number of such policies issued was small.

Previously Edmund D. Randolph, treasurer of the New York Life Insurance company, had said that it was true that he removed \$700,000 worth of New York city stock from the vaults of the company and put a check of the Central National bank for that amount in the place of it on Jan. 5, 1901. Mr. Randolph understood that the bank wanted the stock for clients, one of which was the Merchants Trust company. He promised to give the committee later the names of any officers of the New York Life then in the Merchants Trust company.

The deposition of George H. Squire, formerly financial manager of the Equitable Life Assurance society, in which he described some of the operations of the syndicates which included officers of that society, was read to the committee. Mr. Squire said in it that in 1901 the Equitable bought 2,000 shares of the stock of the Lawyers Title Insurance company and re-sold 1,500 shares to several of its officers and directors at the purchase price—\$174. Some of the Equitable men sold their stock later said Mr. Squire and subsequently large blocks of the stock were sold back to the Equitable at \$310 to \$350 by the firm of Williamson & Squire. That firm might have bought it from the officers of the Equitable society, Mr. Squire said, but he did not know. Mr. Hughes also brought out that a profit of \$22,000 had been paid to Mr. Squire from the sales of stock of the Lawyers Mortgage company to the Equitable society, and that Mr. Squire had divided profits from an unknown operation aggregating \$18,960 among four officers of the Equitable society—James W. Alexander, James H. Hyde, Thomas D. Jordan and W. H. McIntyre.

The fact that the New York Security and Trust company paid \$18,000 to Andrew Hamilton, the legislative agent, out of moneys belonging to the New York Life was also brought out by Mr. Hughes.

W. S. Fanshawe, a dealer in investment securities, told the committee that in 1904 he bought New Orleans Traction bonds of a face value of \$1,250,000 from the New York Life Insurance company and George W. Perkins, trustee of the "Nylle" fund, giving them his checks amounting to \$937,500 in payment and then borrowed the \$937,500 from the New York Life, using the bonds as collateral. He then sold the bonds, giving the New York Life 95 per cent of the profits and keeping 5 per cent.

Washington, Nov. 29.—Secretary Root has addressed a letter to Chas. Raynard, president of the American Society for the Isle of Pines, stating positively that in his judgment the Isle of Pines belongs to Cuba, and strongly advising the Americans there to submit themselves to Cuban law.

### Mayor Castillo Arrested.

Havana, Nov. 29.—Rudolfo Castillo, mayor of the town of Alquizar, was arrested here last night as he was taking a train for home. The charge against him is that he is involved in the insurrectionary movement in the western part of the province of Havana.

New York, Nov. 29.—Formal orders directing how the ballot-boxes are to be opened have been issued by Justice Amend. The orders direct the inspectors of election to report at the supreme court on Dec. 1 and recount and canvass the ballots.

### HUFFMAN CLEARS THE AIR

Rumors of Factional "Persecution" Fully Set at Rest.

Indianapolis, Ind., November 29.—Colonel W. W. Huffman of Anderson who is here today, put a stop to the attempt that is being made to charge his indictment by the federal grand jury to factional politics. He frankly declares that under the circumstances the indictment probably could not have been helped. Very naturally he regrets it, although the party leaders have lined up solidly for him. As he was acting as agent for the state committee in gathering funds from the postmasters, some are trying to hold the committee responsible for the indictment, although they admit that it is necessary to solicit funds from officeholders in order to carry on campaigns. There has already been an effort to show that Colonel Huffman was being persecuted by his political enemies. He says there is no ground for such statements; that the indictment was due to the effort of some of the postoffice clerks and civil service agents to get an indictment against someone else. They failed, and having opened the case, there was no one who could be reached but Colonel Huffman. It was unfortunate for him, he admits, but he says that politics had nothing to do with the indictment and that no party faction was behind it.

### The executive board of the United

Mine Workers of America is meeting here. President Mitchell arrived here this forenoon from Pittsburgh, Pa., to preside over the deliberations. The board is made up of one representative from each mining district, and it co-operates with President Mitchell in framing the policy of the greatest labor organization in the world. Secretary-Treasurer W. D. Wilson, who is President Mitchell's right-hand bower, denies that President Mitchell stated in an interview at Pittsburgh a few days ago that there will be a general tie-up among the coal miners next spring if the operators do not raise the wages to where they were before the present scale was signed. Those who are familiar with the tactful Mitchell's methods probably place but little stock in the interview, as he never talks to the public in advance about his plans. From what can be gathered at the national headquarters here the miners' officials are somewhat apprehensive over the future of their organization, and it looks as if they are shaping things for a big strike, but at the same time they are not "hunting quail with a brass band," so to speak, and no one will know what they have in mind until they get ready to take the public into their confidence.

Congressman Jesse Overstreet has left for Washington. He is chairman of the committee on postal affairs and expects to have a very busy winter. Before his departure he spoke a good word in behalf of Oliver Ensley, county treasurer, as a candidate for district chairman to succeed Floyd A. Woods, who is not asking for the place again. Overstreet's open advocacy of Ensley is regarded as an indication that he is standing with Mayor-elect Bookwalter, who is backing Ensley, and probably means they have an understanding whereby they will not clash in local politics. It was rumored some time ago that Bookwalter had a congressional bee, and for three or four years good feeling did not exist between him and Overstreet's lieutenants, but Bookwalter has higher political aspirations. It is believed that he wants to become a candidate for governor in 1908, and if his administration is a good one he may be in position to make a good race. His appointments up to date have been on a high plane, and it looks as if he is going to start in with a cleaner slate than four years ago, when he was handicapped by a lot of ward heelers who spoiled his career.

It was rumored here today that within forty-eight hours a very interesting announcement relative to the Eleventh district congressional middle will be made. It was hinted that it will be definitely stated whether or not Fred Landis of Logansport, the young representative from the district, will be a candidate for renomination. There have been stories afloat for some time that Landis will not run if Dr. Charles Goode of Warren does; that he had an agreement with the latter to that effect before the last convention. Landis has not made any reply to the stories, but his managers have said that he won't run if Goode does. It was intimated here today that Goode will not run, which means, as a matter of course, that Landis will. However, the program is subject to change. Landis expects to have his political future pretty well mapped out before his departure for Washington next Friday.

David E. Sherriek spent an hour or two at the auditor of state's office, where he was cordially greeted by everyone. During the time he was auditor he was one of the most popular men at the statehouse, and he does not seem to have lost caste with his former associates there. He says he is beginning to regain his health and hopes to be well soon. Sherriek casually looked in on the men who are going over his books under the direction of governor Hanly and Auditor Bigler. He does not seem at all worried over the affairs of the office. It is said that practically all of his shortage has been made good and his friends hope to take up the remainder before Dec. 14—the date set for his trial. It is not known how soon the investigation of the books of the Auditor's office will be completed.

### It Was a Mistrial.

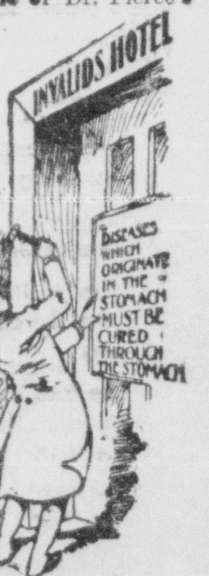

Anderson, Ind., Nov. 29.—After deliberating for forty-one hours, the jury in the murder trial of Dennis Meany, charged with killing Frank Duchetan, failed to come to an agreement.

There is to-day a crying need of a reformation in the treatment of the body. The basis of this reformation is to be found in the thesis of Dr. R. V. Pierce: "Diseases which originate in the stomach must be cured through the stomach."

In the forty odd years of Dr. Pierce's experience as chief consulting physician to the Invalids' Hotel and Surgical Institute in Buffalo, N. Y., he has treated more than half a million people, with a record of ninety-eight cures in every hundred. Dr. Pierce's theory held by Dr. Pierce is that the stomach is the chief breeding place of disease, is abundantly borne out by the success of his treatment which is addressed primarily to the stomach and other organs of digestion and nutrition.

No other medicine acts so powerfully and as perfectly on the stomach and other organs of digestion and nutrition, as Dr. Pierce's Golden Medical Discovery. Men and women afflicted with shortness of breath, heart disease, suffocation, dizziness, spots before the eyes, "liver pains" and similar ailments have been promptly and perfectly cured by the use of "Golden Medical Discovery."

Miss Lavilla Bonine, Curator Natural History Society of 488 Leeward Street, West Lansing, Mich., writes: "I suffered with chronic dyspepsia for nearly seven years, and this caused me to grow very thin and pale, at the same time my blood became poor and I was so nervous and unstrung that I was unable to attend to my daily duties. Heart was also affected and fluttered at the least excitement. I spent a lot of money doctoring and found no relief, until I took Dr. Pierce's Golden Medical Discovery. It certainly is a wonderful medicine. It toned up my stomach and I began to have a splendid appetite; had no trouble with my digestion, and I began to pick up and get strong; soon now, rich blood flowed in my veins, and I once more felt the beauty and joy of life. I have now enjoyed perfect health for a year, thanks to Dr. Pierce's Golden Medical Discovery."

### Thousands Have Kidney Trouble and Never Suspect It.

How To Find Out.  
Fill a bottle or common glass with your water and let it stand twenty-four hours; sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is evidence of kidney trouble; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is evidence of kidney trouble.

Also convincing proof that the kidneys and bladder are out of order.

What To Do.

## USEFUL FACTS.

About Coughs, Colds and Bronchial

Troubles Given to the People of

Seymour by the W. F.

Peter Drug Co.

In conducting a large drug business we naturally meet a great many people at this season of the year who suffer from coughs, colds and bronchial troubles.

As these troubles are easily contracted if the right means is taken, we want to say to the people of Seymour that we guarantee our cod liver oil preparation, Vinol, will cure harking on colds, stubborn coughs, bronchial and lung troubles, quicker than any preparation we have ever sold, because it is the most perfect preparation of cod liver oil ever compounded. It contains no oil or grease to clog the system and up set the stomach, yet it does contain every one of the fifty odd medicinal elements actually taken from fresh cods' livers in a highly concentrated form, and is therefore the best cod liver preparation obtainable. Vinol is not a patent medicine; everything in it is named on the back label of the bottle and you know what you are taking so without reservation we endorse and guarantee Vinol to strengthen every organ in the body to do its work as nature intended—to cure coughs, colds, bronchial troubles, increase the appetite, build up the run down, tired and debilitated, and create strength and renewed vitality for the aged.

If Vinol fails to do what we say we will refund every dollar paid for it. You know us and know we will do as we agree." W. F. Peter Drug Co.

### DIED.

WOODMANSEE—Arthur Woodmansee, son of Frank Woodmansee and wife, died at 4 p. m. Tuesday afternoon at his home in Indianapolis. His death was the result of an accident which happened to him last July. He had just come in off his mail run and was hastening to catch a car for his home when he accidentally broke his ankle. For some time it was thought the ankle was only sprained and his physician treated him accordingly. When it was learned that some of the ankle bones were broken he was taken to the hospital and treated. He became worse and finally the foot was amputated above the ankle but even this did not secure the desired relief.

Arthur Woodmansee was about 32 years of age. His boyhood home was in Seymour and he had many friends here. He entered the railway mail service several years ago at Atlanta, Georgia, and a few years ago he was transferred to the run between Indianapolis and Louisville. He was an excellent young man and was held in high esteem. He leaves a wife and two children.

The remains will be brought from Indianapolis Wednesday evening and taken to the home of his aunt, Mrs. Ida Myers, 313 S. Chestnut street. Funeral services at 2 p. m. Thursday afternoon in charge of the Masons. Friends may view the remains from 8 to 12 Thursday morning at the house. Burial at Riverview.

FISCHER—Rev. Henry Fischer, a former resident of this city, died a few days ago at Los Angeles, California, where he was making his home with his son. He was about 60 years of age and years ago was pastor of the German Lutheran church here. He was located in Nebraska for several years after leaving here.

REHBER—Edwin the infant son of Mr. and Mrs. Henry Rehber, of west Second street, died about ten o'clock Wednesday morning of whooping cough at the age of six months and twenty-two days. The funeral services will be conducted Friday afternoon at 1 o'clock at the house and at 1:30 at the German Lutheran church. Burial at Riverview.

TECKEMEYER—August Teckemeyer, age eighty-three years, five months and five days, died about four o'clock Wednesday morning at his home on east Third street after a lingering illness of several months duration, due to the infirmities of old age.

Mr. Teckemeyer was born at Hanover, Germany, on June 24, 1822. He was married there and came to this country in 1845. He came to Seymour from Ripley county in 1903 and has since resided here with his two daughters. He was the father of eight children, three sons and five daughters, seven of whom are living.

The names of the children are Frank of this city, Albert, of Indianapolis, Joseph, of Topeka, Kansas, Mrs. Henry Tholke, of Dillsboro, Indiana, Mrs. Harmon Poble, of Salem, Oregon, and Misses Carrie and Anna Teckemeyer, who have lived here with their father. Deceased was a member of the Methodist church.

The remains will be taken to Farmer's Retreat, Dearborn county, for burial.

LAHRMAN—John Lahrman a well known resident of Brownstown township and a prominent farmer, died Sunday, aged about forty years. Funeral Tuesday conducted by Elder G. M. Shutt, of this city.

### Masonic.

## SCHOOL TEACHERS

Meet in Annual Session at Brownstown Friday and Saturday.

The annual session of the Jackson county Teachers Association will be held Friday and Saturday of this week at Brownstown. It is the privilege of all the teachers of the county to attend and participate in this meeting.

Coming as it does near the middle of the school year the association is a sort of conference of teachers. In the presentation and discussion of subjects that have to do with the practical problems of teaching the teachers take a prominent part themselves at this conference. And if the teachers can not discuss these practical questions in a practical way and be helpful to each other who can? No teacher can afford to stay away from these conferences even if going does mean a sacrifice of some outside personal pleasure.

County Superintendent Payne has secured as an instructor for the Association and for a lecture Friday night Prof. Henry W. Shryock, of the Southern Illinois Normal, who is highly spoken of as an instructor. A profitable session of the Association is anticipated. The names of a number of the leading teachers of the county, including some of the Seymour teachers, appear on the program.

### Terrific Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez, of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. So wonderful was their effect, that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at W. F. Peter Drug Co; price 50 cents.

WEDNESDAY NOV. 23 1917

If there is any user of gas or electric lights in this city that is satisfied with the present service he is yet to be heard from. The service last night was something fierce. We do not know where the trouble lies neither do we desire to be unjust to any one in calling attention to the poor service. But the people are entitled to the best possible service the company can give and if the equipment is not sufficient to give good service all the time improvements at the plant should be made.

The folly of a citizen who follows a peaceful vocation carrying a revolver is demonstrated again in our own county. The unfortunate shooting affair at Brownstown would not have occurred but for the fact that one of the men had a revolver in his pocket. Why should any man go about his home town with a gun in his pocket? It usually results in trouble for himself and besides it is a clear violation of law. A new law on this subject should be enacted making the carrying of concealed weapons a penitentiary offense.

### Thanksgiving Gifts.

The committee of ladies from the Baptist Ladies' Aid Society will be at the church this afternoon and evening to receive food or money for the poor to be distributed tomorrow morning. Contributions will be received until 5 o'clock this afternoon, and again this evening at the prayer meeting.

### Saved by Dynamite

Sometimes a flaming city is saved by dynamizing space that the fire can't cross. Sometimes, a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. F. Gray, of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her: so she took Dr. King's New Discovery for Consumption, Coughs and Colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and La Grippe. At W. F. Peter Drug Co. store, price 50 cents and \$1.00; guaranteed. Trial bottle free.

## SHOOTING AFFRAY

Paris Long Fires Shot That May Prove Fatal.

An unfortunate shooting affray occurred at Brownstown Tuesday afternoon. Paris Long and Frank Schwein, a son of George Schwein, residing east of town, became involved in a quarrel over who should pay for the drinks in Herrma's saloon. They retired to the rear of the saloon to fight it out. It is said that they went at each other savagely and that both were bruised and battered. Schwein got the best of the fight it is said, but when he saw Long make a pass for his revolver he started to retreat through the saloon.

As he retreated through the card room towards the saloon proper, Long fired three shots at him. Two went wild and one struck him near the center of the back and passed through the body lodging in the flesh near the right nipple from where it was removed by the physician.

The revolver used was a 38 calibre therefore making a very dangerous wound. The lungs were probably penetrated by the ball. Schwein was given medical attention at once and later in the evening was removed to his home. His condition was very critical at noon today and it is the opinion of those who are in position to judge best that his chances for recovery are slight. He is about 25 years of age.

Long was arrested and taken before a justice who fixed his bond at \$500. At 11 o'clock Tuesday night the bond was increased to \$2000 which was given.

This unfortunate affair involving two excellent families is deplored by the people of Brownstown and the county. Paris Long is well known in Seymour having clerked for Adolph Bauer a few years ago. For the past few years he has been in business for himself at Brownstown.

### Thousands Have Kidney Trouble and Never Suspect It.

How To Find Out.

Fill a bottle or common glass with water and let it stand twenty-four hours; a sediment settles to the bottom indicating an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder, and every part of the urinary passage, and every inability to hold water it corrects, and in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When you mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

## USEFUL FACTS.

About Coughs, Colds and Bronchial

Troubles Given to the People of

Seymour by the W. F.

Peter Drug Co.

"In conducting a large drug business we naturally meet a great many people at this season of the year who suffer from coughs, colds and bronchial troubles.

As these troubles are easily controlled if the right means is taken we want to say to the people of Seymour that we guarantee our cod liver oil preparation, Vinol, will cure coughing on colds, stubborn coughs, bronchial and lung troubles, quicker than any preparation we have ever sold, because it is the most perfect preparation of cod liver oil ever compounded. It contains no oil or grease to clog the system and up set the stomach, yet it does contain every one of the fifty odd medicinal elements actually taken from fresh cods' livers in a highly concentrated form, and is therefore the best cod liver preparation obtainable. Vinol is not a patent medicine; everything in it is named on the back label of the bottle and you know what you are taking so without reservation we endorse and guarantee Vinol to strengthen every organ in the body to do its work as nature intended—to cure coughs, colds, bronchial troubles, increase the appetite, build up the run down, tired and debilitated, and create strength and renewed vitality for the aged.

If Vinol fails to do what we say we will refund every dollar paid for it. You know us and know we will do as we agree." W. F. Peter Drug Co.

### DIED.

WOODMANSEE—Arthur Woodmansee, son of Frank Woodmansee and wife, died at 4 p. m. Tuesday afternoon at his home in Indianapolis. His death was the result of an accident which happened to him last July. He had just come in off his mail run and was hastening to catch a car for his home when he accidentally broke his ankle. For some time it was thought the ankle was only sprained and his physician treated him accordingly. When it was learned that some of the ankle bones were broken he was taken to the hospital and treated. He became worse and finally the foot was amputated above the ankle but even this did not secure the desired relief.

Arthur Woodmansee was about 32 years of age. His boyhood home was in Seymour and he had many friends here. He entered the railway mail service several years ago at Atlanta, Georgia, and a few years ago he was transferred to the run between Indianapolis and Louisville. He was an excellent young man and was held in high esteem. He leaves a wife and two children.

The remains will be brought from Indianapolis Wednesday evening and taken to the home of his aunt, Mrs. Ida Myers, 313 S. Chestnut street. Funeral services at 2 p. m. Thursday afternoon in charge of the Masons. Friends may view the remains from 8 to 12 Thursday morning at the house. Burial at Riverview.

FISCHER—Rev. Henry Fischer, a former resident of this city, died a few days ago at Los Angeles, California, where he was making his home with his son. He was about 60 years of age and years ago was pastor of the German Lutheran church here. He was located in Nebraska for several years after leaving here.

REBER—Edwin the infant son of Mr. and Mrs. Henry Reber, of west Second street, died about ten o'clock Wednesday morning of whooping cough at the age of six months and twenty-two days. The funeral services will be conducted Friday afternoon at 1 o'clock at the house and at 1:30 at the German Lutheran church. Burial at Riverview.

TECKEMEYER—August Teckemeyer, age eighty-three years, five months and five days, died about four o'clock Wednesday morning at his home on east Third street after a lingering illness of several months' duration, due to the infirmities of old age.

Mr. Teckemeyer was born at Hanover, Germany, on June 24, 1822. He was married there and came to this country in 1845. He came to Seymour from Ripley county in 1905 and has since resided here with his two daughters. He was the father of eight children, three sons and five daughters, seven of whom are living.

The names of the children are Frank of this city, Albert, of Indianapolis, Joseph, of Topeka, Kansas, Mrs. Henry Tholke, of Hillsboro, Indiana, Mrs. Harmon Pohle, of Salem, Oregon, and Misses Carrie and Anna Teckemeyer, who have lived here with their father. Deceased was a member of the Methodist church.

The remains will be taken to Farmer's Retreat, Dearborn county, for burial.

LAHRMAN—John Lahrman a well known resident of Brownstown township and a prominent farmer, died Sunday, aged about forty years. Funeral Tuesday conducted by Elder G. M. Shotts, of this city.

## SCHOOL TEACHERS

Meet in Annual Session at Brownstown Friday and Saturday.

The annual session of the Jackson county Teachers Association will be held Friday and Saturday of this week at Brownstown. It is the privilege of all the teachers of the county to attend and participate in this meeting. Coming as it does near the middle of the school year the association is a sort of conference of teachers. In the presentation and discussion of subjects that have to do with the practical problems of teaching the teachers take a prominent part themselves at this conference. And if the teachers can not discuss these practical questions in a practical way and be helpful to each other who can? No teacher can afford to stay away from these conferences even if going does mean a sacrifice of some outside personal pleasure.

County Superintendent P. J. has secured as an instructor for the Association and for a lecture Friday night Prof. Henry W. Shryock, of the Southern Illinois Normal, who is highly spoken of as an instructor. A profitable session of the Association is anticipated. The names of a number of the leading teachers of the county, including some of the Seymour teachers, appear on the program.

## A Furnace Eats Up Profits.

Feed your furnace with a cheap grade of coal and notice how fast the money goes. There is more waste to a ton of poor coal than there is to two tons of high-grade coal, for in poor coal there are always dust, dirt and clinkers. It pays to buy good coal even though you may have to pay a little more for it.

You don't have to pay more for good coal when you buy of us, though, Raymond City coal is a high-grade fuel, and the best soft coal mined in the country. We are selling Raymond City soft coal for only \$3.75 per ton. Feed your furnace with Raymond City, and you will save money.
